

HydrauCalc

2024a Release

Free Software for Fluid Flow and Pressure Drop Calculations in Pipes and Piping Elements as Bends, Reducers, Tees, Valves, Orifices and more.

Pressure drop calculations based on well-known and respected references in the field of fluid flow

- Handbook of Hydraulic Resistance, I.E. Idelchik
- Internal Flow System, D.S. Miller
- Pipe Flow - A Practical and Comprehensive Guide, D. C. Rennels, H. M. Hudson
- CRANE - Flow of Fluids Through Valves, Fitting and Pipe - Technical Paper No. 410
